

Level 1 Homework

Handed out Friday 15th January 2010- Week 12

To be returned by: Wednesday 20^h January 2010

Maths

L.O: To solve maths word problems

1) $3 + 4 = \square$ 2) $5 + \square = 20$ 3) $10 - \square = 7$ 4) $20 - 19 = \square$

5. If there are 2 pieces of string that are each 10cm long, how long would they be added together?
6. If one pencil is 5 cm. How long would 2 pencils be if they were put end to end?
7. If Dylan has a bike that is 10cm long and Ben has a bike that is 5cm long. How much longer is Dylan's bike than Ben's?
8. If school starts at 9 'o' clock and lessons last for 1 hours, what time will they end?
9. A film starts at 10 'o' clock. It lasts for 2 hours, what time will it finish?
10. If I set off at 2 'o'clock, and it takes me 1 hour to get to London. What time will I get there?

Literacy

L.O: To make a compound noun.

A **compound noun** is a noun made up of two words.

For example, **black** and **smith** together make up **blacksmith**.

Fill in the correct word using the panel below. A clue is given to help you. Put a tick after the word in the panel when you have used it. Then copy the compound noun into your book, in your best handwriting.

1. after _____ (from midday to evening)
2. bag _____ (a Scottish musical instrument)
3. band _____ (a covered outdoor platform)
4. base _____ (a game popular in America)
5. battle _____ (a large war vessel)
6. book _____ (one who reads a good deal)
7. bride _____ (a newly-married man)

worm
noon
ball
pipes
stand
groom
ship
