

**Literacy/Topic:**

We have been telling stories in Literacy this week. Our stories have been based on legends and traditional tales. Tell a story to someone at home and ask them to write down (in your homework book) what your story was about, including who the characters were and what event happened.

Can you change your story to include a character from a different story? What happens? Do these mixed up characters get on with each other? Write your short story in no more than 150 words!

**Numeracy:**

1. Can you solve these money problems?
2. Remember to estimate first to be able to check against your answer.
3. Which method could you use? Paper and pencil method versus mental method?
4. Remember to show your workings out! Good luck!

1. £289 x 7
2. £199 x 9
3. £565 x 6
4. £991 x 5
5. £725 x 12
6. £132 x 34
7. £487 x 10
8. £882 x 26

5. Use these numbers shown:      2      3      4      5      6  
Make a 2 digit number and a 3 digit number. Multiply them together.  
Explore the largest and the smallest possible answers.

**Other Activities:**

The Aztecs used mosaic for many of their sculptures and masks. Can you find any examples of mosaics and find out where they originated from?

If you can find any pictures, stick them in your homework book!

How many words can you make using the letters in

**TWO THOUSAND AND TEN?**
