

## Freedom of Information Act 2000 Policy

### Introduction

The school policy for Freedom of Information was developed by Nottingham City LA and agreed by the whole staff and has the full agreement of the Governing Body. The policy was approved at the autumn term 2009 meeting of the Governing Body and will be reviewed in Autumn term 2013.

The maintenance of this policy is the responsibility of the governing body.

### Aims

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish*
- *The manner in which the information will be published*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

### Objectives

The school aims to:

- Enable every child to fulfil their learning potential, with education that meets the needs of each child
- Help every child develop the skills, knowledge and personal qualities needed for life and work
- Aim to enable each child to reach their maximum potential in learning and social skills by promoting: confidence and self esteem; respect for themselves and others; pride in themselves and others; home-school links and quality teaching

This publication scheme is a means of showing how we are pursuing these aims.

## **Categories of information published**

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

- 1) *School Prospectus* – information published in the school prospectus.
- 2) *Governors' Documents* – information published in the Governors Annual Report and in other governing body documents.
- 3) *Pupils & Curriculum* – information about policies that relate to pupils and the school curriculum.
- 4) *School Policies and other information related to the school* - information about policies that relate to the school in general.
